Welcome to Spring ILR 2005. Our tenth anniversary year is drawing to a close. We've been celebrating the past, enjoying the present, and planning for the future.

Our celebration began with the Fall 2004 Kickoff Luncheon and viewing of the 10th Anniversary video. On the evening of September 29, we gathered at the Pere Marquette, where we enjoyed a wonderful dinner and conversation with friends we've made in our first ten years of ILR. We honored Nancy Proehl, Janet Lange, Wanda Lane, and Jon Neidy for the huge contributions they've made to ILR. We wrapped up the evening laughing at the English language with our guest speaker, Richard Lederer.

Fall ILR 2004 drew 384 members to 42 classes. The parking lot at Westminster Presbyterian Church was so full that we were allowed to use the Bradley parking deck for overflow parking. There were 254 women and 130 men, so in a daring move, we closed the second floor restroom to men and made it a women's restroom. Thanks, guys! The coffee line was another congested area. Now the coffee and decaf are at one end of the table and the ice water, hot water, tea, and cocoa are at the other end. The snacks are in the middle. Don't line up. Reach in to get your drink, reach in to get your snack, find a chair, and begin visiting.

We braved the danger of winter weather to attend Winterim 2005. Enrollment at Winterim was 116. ILR members chose four classes from the sixteen arranged by Peggy Carter and Gil Nolde and their committee. The numbers cannot describe all the learning that occurred, the discussions that took place, the new friendships that were made, or the old friendships that were strengthened.

Now we are ready for Spring ILR 2005. Again Peggy Cornelius and her committee have come up with a diversity of classes to provide cerebral challenge, curious delving, or simple enjoyment. Carol Morrisey has arranged for guest artists to exhibit their works. The list of learning trips is extensive.

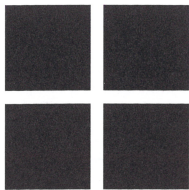

Bradley ILR is a huge success. Many factors contribute to this. You, the ILR members, are a big reason ILR is thriving. The comments you write on the evaluation sheets concerning instructors and class content, as well as your comments, ideas, and suggestions on the reverse side of the evaluation sheets, have been very helpful in strengthening our program. Please feel free to bend my ear with your ideas and suggestions, and continue writing on your evaluation sheets.

See you in class!

Providing opportunities to share knowledge and skills with others, the ILR offers a novel setting to interact with contemporaries and meet friends, old and new. The prerequisites, homework and grades you remember from school days are replaced with lively discussions, expert information, shared knowledge, and informative trips.

Who attends and supports the ILR?

Over 300 mature learners from the tri-county area and all walks of life attend the ILR each term. ILR members believe that learning is a never-ending process. They view retirement as an opportunity to explore new ideas, investigate issues of interest, and form new friendships. Bradley University Continuing Education, in affiliation with the Elderhostel Institute Network, sponsors the Institute for Learning in Retirement.

When are ILR classes and learning trips offered?

The ILR classes occur three times each year: fall, winter, and spring. In the fall and spring the ILR is held on four consecutive Wednesdays. Computer classes are held on four consecutive Fridays. In the winter our ILR classes and computer classes are held on four consecutive days in January. The registration fee for each term is \$80.00. ILR learning trips are held throughout the fall, winter, and spring. Each trip has its own registration fee.

Where is the ILR held?

Most classes are held in our conveniently located and attractive Robert H. Michel Student Center on Bradley's campus. Our shuttle will transport you from various locations to the front door of the Student Center where all the facilities are handicapped accessible. Computer classes are held in Continuing Education's computer classroom also located on campus. Learning trips are held throughout the region and state.
